I. Financial Information

Report Educational and General (E&G) expenses from your institution's audited financial statement for the most recent fiscal year. Some of the data in this section may be the same data your institution reports to the Integrated Postsecondary Higher Education Data Systems (IPEDS).

Verify the beginning and ending date for your institution's fiscal year. The default dates are 7/1/2005 through 6/30/2006 (the most recent year for which you would have an audited financial report). If your institution uses different dates, please change the default dates accordingly.

Report financial data in whole dollars. Round cents to the nearest whole dollar. For example, enter 124, not 123.65. Do not enter data in thousands of dollars. For example, enter 1,250,000 not 1,250.

Report educational and general expenses by expense category (e.g., instruction, research, public service, etc.). The expense for each category is the sum of restricted and unrestricted expenses.
