

Grants.gov, "Everything You Wanted to Know About Grants.gov"

<http://www.ecsu.edu/documents/sponsored-programs/grants-gov-powerpoint-training.pdf>

[42-slide PowerPoint] Maybe not everything, but this site is much closer to everything than nothing. This PowerPoint covers: getting registered for a DUNS number and SAM (System for Award Management), registering an EBIZ POC (Point of Contact) in SAM, registering one or more AORs (Authorized Organization Representatives), registering with

Grants.gov, navigating Grants.gov and signing up for various types of

notifications/subscriptions, searching for grants and interpreting the results of searches, accessing the application package and instructions, completing the application cover page and forms, submitting and tracking.
